Objective

Seeking an opportunity to build my skills in software development and contribute to real-world projects in a meaningful way.

Education

Certification, Software Development

The School of Evolving Technologies | November 2020-April 2022

- Built interactive websites with HTML, CSS, JavaScript and React
- Full-stack MERN development
- Object-oriented programming with Java
- Database management with MySQL and MongoDB

Bachelors of Science in Business

Adelphi University | September 2020-December 2021

- Developed a broad understanding of accounting, communication, finance, management, and marketing.
- 3.98 GPA

Technical Skills

Languages: JavaScript, HTML, CSS, Java, Python

Databases: MySQL, MongoDB

Frameworks and Tools: Typescript, React, Angular, jQuery, Node.js, Express, Bootstrap, Sass, Git, GitHub

Experience

Computer Science Tutor

Varsity Tutors | February 2022-Present

- Helped college students master topics in Java and JavaScript
- Taught a web design student HTML & CSS

Recent Projects

Stock App

- Retrieves and displays detailed real-time stock data
- Built with React functional components and hooks
- https://elisheva-jacobson.github.io/Portfolio/Stock_app/stocks/build/index.html

js-routing

- Published npm package that implements easy-to-use client-side routing for vanilla JS sites
- Displays and hides appropriate elements when links are clicked
- Page displayed stays in sync with browser forward and back arrows
- <https://www.npmjs.com/package/js-routing>
